Report on Internal Control Over Financial Reporting

The Association's principal executives and principal financial officers, or persons performing similar functions, are responsible for establishing and maintaining adequate internal control over financial reporting for the Association's Consolidated Financial Statements. For purposes of this report, "internal control over financial reporting" is defined as a process designed by, or under the supervision of the Association's principal executives and principal financial officers, or persons performing similar functions, and effected by its Board of Directors, management and other personnel. This process provides reasonable assurance regarding the reliability of financial reporting information and the preparation of the Consolidated Financial Statements for external purposes in accordance with accounting principles generally accepted in the United States of America.

Internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Association, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial information in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures are being made only in accordance with authorizations of management and directors of the Association, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Association's assets that could have a material effect on its Consolidated Financial Statements.

The Association's management has completed an assessment of the effectiveness of internal control over financial reporting as of September 30, 2026. In making the assessment, management used the framework in *Internal Control — Integrated Framework (2013)*, promulgated by the Committee of Sponsoring Organizations of the Treadway Commission, commonly referred to as the "COSO" criteria.

Based on the assessment performed, the Association's management concluded that as of September 30, 2026, the internal control over financial reporting was effective based upon the COSO criteria. Additionally, based on this assessment, the Association's management determined that there were no material weaknesses in the internal control over financial reporting as of September 30, 2026.

Management's Discussion and Analysis of Financial Condition and Results of Operations

(dollars in thousands, except as noted)

The following commentary reviews the financial condition and results of operations of AgGeorgia Farm Credit, ACA (Association) for the period ended September 30, 2026, with comparisons to prior periods. These comments should be read in conjunction with the accompanying financial statements, notes to the financial statements and the 2025 Annual Report of the Association. The accompanying consolidated financial statements were prepared under the oversight of the Audit Committee of the Board of Directors.

LOAN PORTFOLIO

The Association provides funds to farmers, rural homeowners and farm-related businesses for financing of short and intermediate-term loans and long-term real estate mortgage loans. The Association's loan portfolio is diversified over a range of agricultural commodities including poultry, cotton, timber, peanuts and livestock. Farm size varies and many of the borrowers in the region have diversified farming operations. This factor, along with the numerous opportunities for non-farm income in the area, somewhat reduces the level of dependency on any single commodity.

The total loan volume of the Association as of September 30, 2026, was $1,841 million, an increase of $171 million as compared to $1,670 million at December 31, 2025. This increase in loan volume is primarily related to advances on operating loans and long-term real estate loans.

ASSET QUALITY AND LOAN LOSS RESERVES

There is an inherent risk in the extension of any type of credit. Portfolio credit quality continues to be maintained at an acceptable level and credit administration remains satisfactory. Nonaccrual loans decreased to $17,267 at September 30, 2026 from $17,769 thousand at December 31, 2025. As a percentage of total loans, nonaccrual loans were 0.95% and 1.06% at September 30, 2026 and December 31, 2025, respectively.

Association management maintains an allowance for credit losses (ACL) in an amount considered sufficient to absorb estimated current and expected credit losses over the financial assets expected life. The most significant component of the Association's ACL is the allowance for credit losses on loans (ACLL). The ACLL at September 30, 2026, was $9,642 thousand or 0.52% of total loans compared to $9,430 thousand or 0.56% of total loans at December 31, 2025, and is considered by management to be adequate to cover estimated current and expected losses within the loan portfolio. See further detail on the Association's ACL within the Association's Annual Report and discussion of significant provision for credit losses within the *Results of Operations* below.

RESULTS OF OPERATIONS

For the three months ended September 30, 2026

Net income for the three months ended September 30, 2026, was $8,703 thousand, a decrease of $1,870 thousand as compared to net income of $10,573 thousand for the same period ended in 2025. The decrease in net income was primarily driven by higher net interest income resulting from loan growth, a provision for credit losses compared to a reversal in the prior year, and a decrease in gains on other transactions as compared to last year. These factors were also offset by higher operating expenses, primarily related to salaries and employee benefits, as well as purchased services.

For the three months ended September 30, 2026, net interest income was $14,767 thousand, an increase of $623 thousand, and the net interest margin was 3.27%, a decrease of seventeen basis points as compared to the same period ended in 2025. The increase in net interest income was primarily driven by higher loan volume, which contributed to greater interest income during the period.

The provision credit losses for the three months ended September 30, 2026, was $132 thousand, an increase of $1,068 thousand from the reversal of credit losses of $936 thousand for the same period ended during the prior year.

Noninterest income decreased $132 thousand to $3,514 thousand during the three months ended September 30, 2026 compared to the same period ended during the prior year primarily driven by strong growth in fee-based revenue offset by lower gains as compared to last year.

For the three months ended September 30, 2026, noninterest expense increased $1,293 thousand to $9,446 thousand compared to the same period ended in 2025 primarily due to higher purchased services costs, driven by increased technology and software services provided by the Bank, as well as higher personnel costs associated with staffing and compensation adjustments.

For the nine months ended September 30, 2026

Net income for the nine months ended September 30, 2026, was $28,275 thousand, an increase of $3,002 thousand as compared to net income of $25,273 thousand for the same period ended in 2025. The increase in net income was largely attributable to higher net interest income resulting from increased loan volume, along with growth in noninterest income from loan fees, financial services, and Farm Credit System Insurance Fund refunds. These favorable impacts were partially offset by increases in general operating expenses, including salaries and purchased services.

For the nine months ended September 30, 2026, net interest income was $43,962 thousand, an increase of $3,343 thousand, and the net interest margin was 3.39%, a decrease of four basis points as compared to the same period ended in 2025. The increase in net interest income was primarily driven by higher loan volume, which contributed to greater interest income during the period.

The provision for credit losses for the nine months ended September 30, 2026, was $297 thousand, a decrease of $1,029 thousand from the provision for credit losses of $1,326 thousand for the same period ended during the prior year.

Noninterest income increased $1,819 thousand to $11,783 during the nine months ended September 30, 2026 compared to the same period ended during the prior year primarily driven by strong growth in fee-based revenue and a substantial increase in FCS Insurance Corporation Refunds.

For the nine months ended September 30, 2026, noninterest expense increased $3,189 thousand to $27,173 thousand compared to the same period ended in 2025 primarily due to higher purchased services costs, driven by increased technology and software services provided by the Bank, as well as higher personnel costs associated with staffing and compensation adjustments.

FUNDING SOURCES

The principal source of funds for the Association is the borrowing relationship established with AgFirst Farm Credit Bank (the Bank) through a General Financing Agreement. The General Financing Agreement utilizes the Association's credit and fiscal performance as criteria for establishing a line of credit on which the Association may draw funds. The Bank advances funds to the Association in the form of notes payable. The notes payable are segmented into variable rate and fixed rate sections. The variable rate note is utilized by the Association to fund variable rate loan advances and operating funds requirements. The fixed rate note is used specifically to fund fixed rate loan advances made by the Association. The total notes payable to the Bank at September 30, 2026, were $1,584 million as compared to $1,414 million at December 31, 2025.

CAPITAL RESOURCES

Total members' equity at September 30, 2026, was $322,762 thousand, an increase of $18,917 thousand from a total of $303,845 thousand at December 31, 2025. The increase is primarily related to year-to-date net income. Total capital stock and participation certificates were $5,100 thousand on September 30, 2026, compared to $4,963 thousand on December 31, 2025. The increase is attributed to the issuance of stock on new loans being greater than the retirement of stock on loans liquidated in the normal course of business.

The Farm Credit Administration (FCA) sets minimum regulatory capital requirements with a capital conservation buffer for System banks and associations. Capital adequacy is evaluated using a number of regulatory ratios.

The following sets forth the regulatory capital ratios:

	Regulatory Minimum Including Buffer*	September 30, 2026	December 31, 2025	September 30, 2025
Permanent Capital Ratio	7.00 %	15.44 %	16.61 %	16.97 %
Common Equity Tier 1 (CET1) Capital Ratio	7.00 %	15.35 %	16.54 %	16.90 %
Tier 1 Capital Ratio	8.50 %	15.35 %	16.54 %	16.90 %
Total Regulatory Capital Ratio	10.50 %	15.90 %	16.95 %	17.38 %
Tier 1 Leverage Ratio**	5.00 %	15.16 %	16.09 %	16.43 %
Unallocated Retained Earnings (URE) and URE Equivalents	1.50 %	13.73 %	13.98 %	14.26 %

**Include full capital conservation buffers.*

***The Tier 1 Leverage Ratio must include a minimum of 1.50% of URE and URE equivalents.*

If the capital ratios fall below the minimum regulatory requirements, including the buffer amounts, capital distributions (equity redemptions, dividends, and patronage) and discretionary senior executive bonuses are restricted or prohibited without prior FCA approval. For all periods presented, the Association exceeded minimum regulatory requirements for all of the ratios.

REGULATORY MATTERS

On July 24, 2026, the FCA published a final rule on loan performance categories and financial reporting in the Federal Register. The rule amends the high-risk loan performance categories by removing formally restructured loans (TDRs) to ensure the regulations remain consistent with U.S. generally accepted accounting principles (GAAP). The amendment reflects changes in GAAP that eliminated the measurement guidance for TDRs and replaced it with enhanced disclosure requirements for certain loan modifications to borrowers experiencing financial difficulty. The regulation became effective on August 24, 2026.

On February 27, 2026, the FCA published a proposed rule on Permanent Capital Revisions in the Federal Register. The proposed rule would reduce the role of permanent capital as a measure of capital adequacy, simplify the permanent capital ratio calculation, eliminate permanent capital disclosure requirements from shareholder and investor reporting, and make other clarifications, corrections, and updates to capital-related regulations. The comment period ended on April 28, 2026.

On February 8, 2024, the FCA approved a final rule to amend its regulatory capital requirements to define and establish risk-weightings for High Volatility Commercial Real Estate (HVCRE) exposures by assigning a 150% risk-weighting to such exposures, instead of the current 100%, to reflect increased risk characteristics. The rule further ensures comparability between the FCA's risk-weightings and the federal banking regulators, with deviations as appropriate to accommodate the different regulatory, operational, and credit considerations of the System. The final rule excludes certain acquisition, development and construction loans that do not present as much risk and therefore do not warrant the risk weight for HVCRE. In addition, the final rule adds an exclusion for loans originated with a balance for less than $500,000. The rule became effective on January 1, 2026 and did not have a material impact on the Association’s capital ratios.

SHAREHOLDER INVESTMENT

Shareholder investment in the Association may be materially affected by the financial condition and results of operations of the Bank. Copies of the Bank’s annual and quarterly reports are available upon request free of charge by calling 1-800-845-1745, ext. 2764, or writing Matthew Miller, AgFirst Farm Credit Bank, P.O. Box 1499, Columbia SC 29202. Information concerning the Bank can also be obtained at the Bank’s website, *www.agfirst.com*. Copies of the Association’s annual and quarterly reports are also available upon request free of charge by calling 478-987-8300 Ext. 113, writing Gerald N. Murkerson, Jr., Chief Financial Officer, AgGeorgia Farm Credit, ACA, P.O. Box 1820, Perry, GA 31069, or accessing the website, *www.aggeorgia.com*. The Association prepares a quarterly report within 40 days after the end of each fiscal quarter, except that no report needs to be prepared for the fiscal quarter that coincides with the end of the fiscal year of the Association.

Notes to the Consolidated Financial Statements

(dollars in thousands, except as noted)

(unaudited)

Note 1 — Organization, Significant Accounting Policies, and Recently Issued Accounting Pronouncements

Organization

The accompanying financial statements include the accounts of AgGeorgia Farm Credit, ACA and its Production Credit Association (PCA) and Federal Land Credit Association (FLCA) subsidiaries (collectively, the Association). Descriptions of the organization and operations, the significant accounting policies followed, and the financial condition and results of operations for the Association as of and for the year ended December 31, 2025, are contained in the 2025 Annual Report to Shareholders. These unaudited interim consolidated financial statements should be read in conjunction with the latest Annual Report to Shareholders.

Basis of Presentation

In the opinion of management, the accompanying consolidated financial statements contain all adjustments necessary for a fair statement of results for the periods presented. These adjustments are of a normal recurring nature, unless otherwise disclosed.

Certain amounts in the prior period's consolidated financial statements have been reclassified to conform to the current period presentation. Such reclassifications had no effect on the prior period net income or total capital as previously reported.

The results of any interim period are not necessarily indicative of those to be expected for a full year.

Significant Accounting Policies

The Association's accounting and reporting policies conform with U.S. generally accepted accounting principles (GAAP) and practices in the financial services industry. To prepare the financial statements in conformity with GAAP, management must make estimates based on assumptions about future economic and market conditions (for example, unemployment, market liquidity, real estate prices, etc.) that affect the reported amounts of assets and liabilities at the date of the financial statements, income and expenses during the reporting period, and the related disclosures. Although these estimates contemplate current conditions and expectations of change in the future, it is reasonably possible that actual conditions may be different than anticipated, which could materially affect results of operations and financial condition.

Management has made significant estimates in several areas, including loans and allowance for credit losses (Note 2, *Loans and Allowance for Credit Losses*) and financial instruments (Note 5, *Fair Value Measurement*). Actual results could differ from those estimates.

For further details of significant accounting policies, see Note 2, *Summary of Significant Accounting Policies*, from the latest Annual Report.

Accounting Standards Updates (ASUs) Issued but Not Yet Adopted

The Financial Accounting Standards Board (FASB) has issued certain accounting standards that will become effective for the Association in future periods. There were no ASUs issued, nor were there material updates to previously disclosed accounting standards, during the nine months ended September 30, 2026 that are expected to have a material impact on the Association's financial statements. For a detailed description of ASUs previously issued, see the latest Annual Report.

ASUs Effective During the Period

In July 2025, the FASB issued ASU 2025-05 Financial Instruments – Credit Losses – Measurement of Credit Losses for Accounts Receivable and Contract Assets. The amendments in this update provide all entities with a practical expedient which would allow all entities when developing reasonable and supportable forecasts as part of estimating expected credit losses to assume that current conditions as of the balance sheet date do not change for the remaining life of the asset. The amendments also provide entities other than public business entities with an accounting policy election when estimating expected credit losses for current accounts receivables and current contract assets arising from transactions accounted for under Topic 606. The amendments were effective for annual reporting periods beginning after December 15, 2025, and interim periods within those annual reporting periods under a prospective approach. The impact of adoption did not have a significant impact on the Association's financial condition, results of operations, and cash flows.

Note 2 — Loans and Allowance for Credit Losses

A summary of loans outstanding at period end follows:

	September 30, 2026	December 31, 2025
Real estate mortgage	$ 1,359,774	$ 1,270,336
Production and intermediate-term	341,589	277,006
Agribusiness:		
Loans to cooperatives	3,144	1,912
Processing and marketing	78,087	76,533
Farm-related business	20,254	8,490
Rural infrastructure:		
Communication	9,379	7,395
Power and water/waste disposal	2,495	2,400
Rural residential real estate	23,968	24,084
Other:		
International	1,891	1,891
Total loans	$ 1,840,581	$ 1,670,047

A substantial portion of the Association's lending activities is collateralized, and exposure to credit loss associated with lending activities is reduced accordingly. The Association may purchase or sell participation interests with other parties in order to diversify risk, manage loan volume, and comply with Farm Credit Administration (FCA) regulations.

The following table shows loans, classified under the FCA Uniform Loan Classification System, as a percentage of total loans by loan type as of:

	September 30, 2026	December 31, 2025
Real estate mortgage:		
Acceptable	96.86%	97.02%
OAEM	2.10	1.86
Substandard/doubtful/loss	1.04	1.12
	100.00%	100.00%
Production and intermediate-term:		
Acceptable	92.47%	95.62%
OAEM	4.17	2.84
Substandard/doubtful/loss	3.36	1.54
	100.00%	100.00%
Agribusiness:		
Acceptable	90.61%	82.04%

Total	$ 12,256	$ 2,298	$ 14,554	$ 1,655,493	$ 1,670,047

There were no accruing loans greater than 90 days past due as of September 30, 2026 and December 31, 2025.

The following tables provide the amortized cost for nonaccrual loans with and without a related allowance for credit losses on loans as of:

	September 30, 2026		
Nonaccrual loans:	Amortized Cost with Allowance	Amortized Cost without Allowance	Total
Real estate mortgage	$ 226	$ 6,225	$ 6,451
Production and intermediate-term	1,080	2,782	3,862
Agribusiness	4,285	2,548	6,833
Rural residential real estate	—	121	121
Total	$ 5,591	$ 11,676	$ 17,267

	December 31, 2025		
Nonaccrual loans:	Amortized Cost with Allowance	Amortized Cost without Allowance	Total
Real estate mortgage	$ 318	$ 5,917	$ 6,235
Production and intermediate-term	911	2,497	3,408
Agribusiness	5,128	2,947	8,075
Rural residential real estate	—	51	51
Total	$ 6,357	$ 11,412	$ 17,769

The Association recognized $114 and $820 of interest income on nonaccrual loans during the three and nine months ended September 30, 2026, respectively. The Association recognized $152 and $440 of interest income on nonaccrual loans during the three and nine months ended September 30, 2025, respectively.

Reversals of interest income on loans that moved to nonaccrual status were not material for the three and nine months ended September 30, 2026 and 2025.

A summary of changes in the allowance for credit losses is as follows:

	Three Months Ended September 30,	
	2026	2025
Allowance for Credit Losses on Loans:		
Balance at beginning of period	$ 9,574	$ 7,108
Charge-offs	(107)	(171)
Recoveries	32	43
Provision for (reversal of) credit losses on loans	143	(778)
Balance at end of period	$ 9,642	$ 6,202
Allowance for Credit Losses on Unfunded Commitments:		
Balance at beginning of period	$ 467	$ 616
Provision for (reversal of) unfunded commitments	(11)	(158)
Balance at end of period	$ 456	$ 458
Total allowance for credit losses	$ 10,098	$ 6,660

	Nine Months Ended September 30,	
	2026	2025
Allowance for Credit Losses on Loans:		
Balance at beginning of period	$ 9,430	$ 5,404
Charge-offs	(203)	(667)
Recoveries	354	107
Provision for (reversal of) credit losses on loans	61	1,358
Balance at end of period	$ 9,642	$ 6,202
Allowance for Credit Losses on Unfunded Commitments:		
Balance at beginning of period	$ 220	$ 490
Provision for (reversal of) unfunded commitments	236	(32)
Balance at end of period	$ 456	$ 458
Total allowance for credit losses	$ 10,098	$ 6,660

The Allowance for Credit Losses was relatively stable during the first nine months of 2026 but remained higher than the prior-year period. The elevated allowance reflects continued loan growth, macroeconomic assumptions incorporated within the CECL model, and the impact of borrower-specific reserves established in late 2025. A large borrower downgrade in the fourth quarter of 2025 resulted in placement on nonaccrual status and the recognition of a specific reserve that continues to influence the overall allowance level. Although changes in the allowance during 2026 have been immaterial, management believes the allowance remains appropriate to cover expected credit losses inherent in the portfolio.

Loan modifications may be granted to borrowers experiencing financial difficulty. Qualifying disclosable modifications are one, or a combination of, principal forgiveness, interest rate reduction, or an other-than-insignificant payment delay or term extension. Covenant waivers and modifications of contingent acceleration clauses are not considered term extensions.

Modifications of loans to borrowers experiencing financial difficulty were not material during the three and nine months ended September 30, 2026 and 2025. There were no material commitments to lend to borrowers experiencing financial difficulty whose loans have been modified at September 30, 2026 and 2025. There were no material modifications to borrowers experiencing financial difficulty that occurred during the previous twelve months and for which there was a subsequent payment default during the period.

The Association had no loans held for sale at September 30, 2026 and December 31, 2025.

Note 3 — Investments

Equity Investments in Other Farm Credit System Institutions

Equity investments in other Farm Credit System institutions are generally nonmarketable investments consisting of stock and participation certificates, allocated surplus, and reciprocal investments in other institutions regulated by the FCA. These investments are carried at cost and evaluated for impairment based on the ultimate recoverability of the par value rather than by recognizing temporary declines in value.

Associations are required to maintain ownership in AgFirst Farm Credit Bank (the Bank) in the form of Class B or Class C stock as determined by the Bank. The Bank may require additional capital contributions to maintain its capital requirements. The Association owned 4.41% of the issued stock and allocated retained earnings of the Bank as of September 30, 2026, net of any reciprocal investment. As of that date, the Bank's assets totaled $52.0 billion and shareholders' equity totaled $2.3 billion. The Bank's earnings were $328 million for the nine months ended September 30, 2026. In addition, the Association held investments of $1,494 related to other Farm Credit institutions.

Note 4 — Members' Equity

Accumulated Other Comprehensive Income (AOCI)

Changes in Accumulated Other Comprehensive Income by Component *(a)*

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2026	2025	2026	2025
Employee Benefit Plans:				
Balance at beginning of period	$ 133	$ 178	$ 133	$ 179
Other comprehensive income before reclassification	—	—	—	—
Amounts reclassified from AOCI	—	—	—	(1)
Net current period other comprehensive income	—	—	—	(1)
Balance at end of period	$ 133	$ 178	$ 133	$ 178

Reclassifications Out of Accumulated Other Comprehensive Income *(b)*

	Three Months Ended September 30,		Nine Months Ended September 30,		
	2026	2025	2026	2025	Income Statement Line Item
Defined Benefit Pension Plans:					
Periodic pension costs	$ —	$ —	$ —	$ 1	Salaries and employee benefits
Net amounts reclassified	$ —	$ —	$ —	$ 1	

(a) Amounts in parentheses indicate debits to AOCI.
(b) Amounts in parentheses indicate debits to profit/loss.

Note 5 — Fair Value Measurement

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants in the principal or most advantageous market for the asset or liability. See Note 2, *Summary of Significant Accounting Policies* of the most recent Annual Report to Shareholders for additional information.

There were no changes to valuation methodologies or fair value hierarchy classifications during the periods presented. See Note 8, *Fair Value Measurement* of the most recent Annual Report to Shareholders for descriptions of the valuation methodologies used for assets and liabilities measured at fair value.

Fair values are estimated at each period end date for assets and liabilities measured at fair value on a recurring basis. The following tables summarize assets measured at fair value at period end.

	September 30, 2026			
	Fair Value Measurement Using			Total Fair Value
	Level 1	Level 2	Level 3	
Recurring assets				
Assets held in trust funds	$ 2,090	$ —	$ —	$ 2,090
Nonrecurring assets				
Nonaccrual loans	$ —	$ —	$ 1,379	$ 1,379
Other property owned	$ —	$ —	$ 315	$ 315

	December 31, 2025			
	Fair Value Measurement Using			Total Fair Value
	Level 1	Level 2	Level 3	
Recurring assets				
Assets held in trust funds	$ 1,992	$ —	$ —	$ 1,992
Nonrecurring assets				
Nonaccrual loans	$ —	$ —	$ 1,662	$ 1,662
Other property owned	$ —	$ —	$ —	$ —

Note 6 — Commitments and Contingent Liabilities

From time to time, legal actions may be pending against the Association in which claims for damages are asserted. At the date of these financial statements, the Association is not aware of any material actions. However, the Association cannot ensure that such actions or other contingencies will not arise in the future.

Note 7 — Subsequent Events

The Association evaluated subsequent events and determined there were none requiring disclosure through November 6, 2026, which was the date the financial statements were issued.
